Teamwork gets things done!

It is important during these tumultuous times that we do not lose sight of the fact that everyone must work together for the common good. Our country and our state are being pushed to limits never imagined. To get through this unprecedented event we must work together as a team, even as a family.

I have been working daily with Executive Director Tramontozzi, Chairman Tucci, and the Commissioners, over the past three weeks to prepare PVSC to handle this emergency event.

Through cooperation we have managed to build a path to serving the residents of the great State of New Jersey while also protecting you, the members, from further spread of the COVID-19 virus. You, your families, and loved ones, are the most important asset of PVSC. Our teamwork provides a safe path towards your protection.

We are undertaking safety measures at PVSC to minimize exposure to our members and assure that the facility is able to function. While our mission to the public is vitally important, we have made certain PVSC recognizes your safety is critical.

I want to personally thank Executive Director Tramontozzi, Chairman Tucci, and the Commissioners for their help in reaching these results.

To our members, know that you always have my gratitude and respect, but also have the gratitude and respect of the Executive Director, Chairman, and Commissioners for the difficult job you perform daily. You are the very definition of American pride and dedication.

Stay safe, stay strong, and most of all, stay united as one unit, as one brotherhood. Together we will get through this crisis!

Fraternally yours,

Joseph P. Calabro
